§ 170.6 Maintenance of Indian roads.

The administration and maintenance of Indian reservation roads and bridges is basically a function of the local Government. Subject to the availability of funds, the Commissioner shall maintain, or cause to be maintained, those approved roads on the Federal-Aid Indian Road System. The Commissioner may also maintain roads not on the Federal-Aid Indian Road System if such roads meet the definition of “Indian reservation road and bridges” and are approved for maintenance by the Commissioner. No funds authorized under 23 U.S.C. 208 are available for the maintenance of roads.

§ 170.6a Contributions from tribes.

The Commissioner may enter into agreements with an Indian tribe for a contribution from its tribal funds for the construction or maintenance of roads governed by regulations of this part. However, the tribe must be able to make such contributions without undue impairment of the necessary tribal functions.

§ 170.7 Cooperation with States.

The Commissioner may enter into an agreement with the State for cooperation in the construction and the maintenance of certain Indian reservation roads and bridges, especially at those locations where road projects serve non-Indian land as well as Indian land.

§ 170.8 Use of roads.

When required for public safety, fire prevention or suppression, or fish or game protection, or to prevent damage to unstable roadbed, the Commissioner may restrict the use of them or may close them to public use.

(b) The Commissioner shall conduct engineering and traffic analysis in accordance with established traffic engineering practices and determine the necessary maximum speed limit, maximum vehicular weight limit and other needed regulatory signs for roads which he maintains. The Commissioner shall make recommendations to local

Such regulatory signs as are authorized by established ordinances shall be erected by the Commissioner. At locations under the jurisdiction of the Court of Indian Offenses the Commissioner shall erect such regulatory signs as he determines are needed.

§ 170.9 Roadless and wild areas.

Roads passable to motor transportation shall not be constructed under the regulations in this part within the boundaries of the roadless and wild areas established in part 265 of this chapter.
